

Every Woman Matters

NEBRASKA OFFICE OF WOMEN'S HEALTH

January 2007

We need your help! Money provided by the federal government pays for the Every Woman Matters program. The Nebraska EWM program is getting ready to write a new grant. The new grant will let us continue to give you breast and cervical cancer screening, and high blood pressure, cholesterol, and diabetes screening.

If you have appreciated the services you received from EWM, we would like to hear from you now. Your story will help us show how much the program means to Nebraska women.

Please answer the following questions on this form or in a letter, and use the enclosed postage paid envelope to send it back to us by Thursday, February 15, 2007. Please check out our website <http://www.hhss.ne.gov/womenshealth/ewm> for further information. Thank you for your help.

1. What changes in your health have you experienced because of the Every Woman Matters program?
2. Is there anything good about the Every Woman Matters program, the services and support that you received, that you would like to share?

Do we have your permission to share your story with others? Yes ___ No ___

Do we have your permission to use your name if your story is shared? Yes ___ No ___

Name: _____ Date: _____
